

Charles D. 'Chuck' Hall

Pendleton

October 21, 1934-July 13, 2012

Chuck passed away on the morning of July 13, 2012, at his home in Pendleton. He was born in Durant, Oklahoma, and lived his early years in Oklahoma and Texas. In 1952 he joined the U.S. Marine Corps, and was deployed to the Far East and various U.S. occupation areas. While in the Corps, he was selected for and served in the Secret Service and U.S. Marine Corps Honor Guard based in Washington, D.C.

While working as an embassy guard in Ireland he met and married Ruth Young of Pendleton. After his military service, in the early 1960s, he joined the Professional Bowlers Association, and followed the tour in Florida and Southern California. Chuck was an avid sports fan his entire life, and coached Little League baseball in Pendleton for 10 years after moving here in 1966.

He worked as an EMT and city fireman in Pendleton until the late 1970s. Chuck eventually worked in Saudi Arabia as a fire chief and senior safety officer for ten years. Chuck finished his career working as a safety officer on methane gas plant projects

throughout the U.S. Southwest. His concern for the well-being of his co-workers earned him the nickname of "Doc." Chuck returned to the Pendleton area following his retirement in 2002.

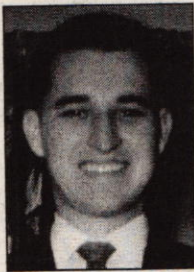

Chuck, always curious, was known for his razor-sharp memory and encyclopedic knowledge of a variety of subjects. In his later years he enjoyed running numerous fantasy sports teams, sharing stories of the places he'd been and people he'd met and, when opportunity presented itself,

visiting area casinos.

Chuck was always fiercely independent, a trait he passed on for which all his children are forever grateful.

Chuck is survived by six children, David, Cindy, Jani, Jennifer, Brent and Stephanie, and ten grandchildren.

A graveside service will be held at 10:00 a.m. on Thursday, July 19 at Olney Cemetery in Pendleton, Oregon. Sign the online condolence book at www.burnsmortuary.com. Flowers may be sent to Burns Mortuary of Pendleton, which is handling arrangements.

ounce of her tenacity and energy to navi- gate the next four years. Freshly approved property tax limits quashed revenues and a fight over spotted owls shook the timber industry. She lost her beloved husband to cancer and a stroke. Devastation after Frank's death, Roberts said Monday ultimately led her not to seek a second term.

In the years following, Roberts wrote a book on grief, taught at Harvard's John F. Kennedy School of Government and served on numerous boards and commissions. When she finishes serving on Portland's Metro Commission at the end of the year, she plans to check off an important item on her bucket list — finishing her college degree.

Roberts signed copies of "Up the Capitol Steps" after both appearances Monday. The 448-page volume sells for \$24.95 in paperback.

HORSES: 'We have a strong desire to deal with this problem'

Continued from 1A

"It was determined that the animals needed to be dealt with so we obtained a search warrant," he said.

Each horse was vaccinated and dewormed by Burgess and farrier Shad Bishop before being hauled to an undisclosed location where the three geldings, three mares, one colt, and two studs will be cared Myren said.

The horse owners surrendered four horses three weeks ago and one of those horses had to be euthanized, said Detective Karen Dike. Two of the horses seized Tuesday will likely need to be put down, but Dike said a court order has to be obtained before that can be done.

"We have to obtain a writ from the judge with information saying we are doing more harm than good to keep them alive," Dike said.

Burgess said the foal at the location would likely need to be euthanized due to a nutritional deficiency making him unsound. A stud
